ADVANCED WATER TECHNOLOGY

사용설명서
使用說明書
User's Guide

Your Vitalizer Plus advanced water System is an elegant yet simple to use water system that performs the complex work of nature right before you. The powerful Vortex created by the strong magnetic fields inside the water system, parallels the dynamic current flowing from streams and waterfalls, converts any pure drinking water into micro clustered water containing high level of dissolved oxygen and energy.

Vitalizer Plus applies scientifically the principles of nature to create a water with special life-enhancing properties, without using any chemicals. Utilizing the principles of physical and electromagnetic energy Vitalizer Plus creates a living water, which improves the functioning, and homeostasis of the body.

We guarantee and feel confident that your experience with Vitalizer Plus will be refreshing, rejuvenating, amazing and full of great wonders.

Vitalizer Plus water is ;

- Hexagonal structure water
- Oxygen occurrence in the water
- Minerals occurrence in the water
- Water alkalization
- Make micro-clustered water
- Make strong water structure
- Exclusion Chlorine in the tap water
- Adds generative ions in the water
- Balances ORP(Oxidation Reduction Potential)

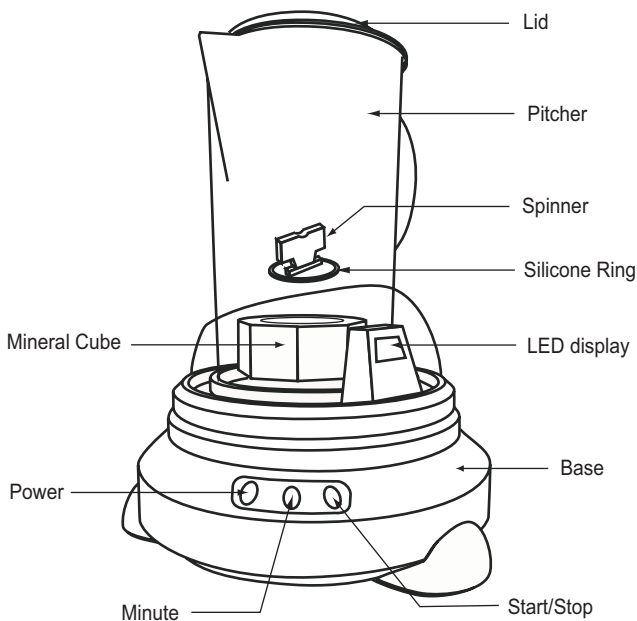

Parts

Check the following parts before use.

|-----------------------------|----------------|
| - Spinner and Silicone Ring | - Pitcher |
| - Lid | - Mineral Cube |
| - Vitalizer Plus Base | - User's Guide |

Reading the instructions before using the unit

Getting Started

Follow these easy steps to assemble your new Vitalizer Plus - Advanced Water System.

Initial Cleaning :

1. Hand wash using a sponge with mild detergent the following : pitcher, lid, spinner and silicone ring. Rinse well.

2. Rinse the mineral cube under cold running tap water for a few seconds. Wipe it with wet soft sponge or washcloth without detergent. Rinse well.

Do not use detergent or soap to wash the mineral cube.

3. Place the spinner in the middle of the mineral cube basket.

4. Position the mineral cube inside the pitcher, push it down at the bottom center, and rotate it to the right with a little pressure to secure the cube.

5. Fill the pitcher with filtered water.

6. Place pitcher on top of the base then press power button.

7. Press the minute button, choose 9 minutes then press start button.

8. During the first cycle, it is normal that small particles could come out from the mineral cube.

9. Wait until the Vitalizer Plus has completed its cycle.

10. Empty the pitcher. Do not drink this water.

If the Vitalizer Plus had not been used for an extended period of time, we recommend performing cleaning steps.

18. welcome to Vitalizer Plus

Operation

- Pour filtered water into the pitcher.
- Place the pitcher on top of the base.
- Turn power on.
- Press the minute button to select cycle time.
(9, 18, 27minutes).

Power button

- Press start/stop button to operate. The LED display will show the remaining minutes during the operation. When it is finished, zero "0" will appear on the LED display and the system will automatically stop.

Minutes button

Do not remove the pitcher from the base while the unit is in operation. If you wish to stop the unit at anytime, press the start/stop button to cancel operation.

Start/Stop button

We recommend 9 minutes operation, if you want more high level of dissolved oxygen and energy water, can choose 18 or 27 minutes.

Warning

- Vitalizer Plus has no water purifying function, please using drinkable water.
- If you have health problems or currently using electronic medical / health device inside your body, consult a physician before using the Vitalizer Plus.
- Pregnant women are advised to consult a physician before using the Vitalizer Plus.
- The pitcher capacity of Vitalizer Plus is 2.2liters.

Replace used mineral cube.

The Vitalizer Plus has a timer that inform users to discard/replace used mineral cube ;

When you have used your mineral cube for total time of 4,000 minutes "CC" message (change cube) lights on the display.

It is very important to replace the mineral cube when "CC" starts flashing on the display.

Chang Cube(CC)

Instructions for mineral cube replacement :

- . Unlock the used/old cube from the pitcher by turning it counter clock wise (to the left).
Remove old cube.
- . Position the new cube (with spinner and silicone ring) at the bottom center of the pitcher then rotate it clock wise (to the right) to secure the new cube inside the pitcher.
- . Run the machine for 9 minutes to clean the cube.
Do not drink this water.
- . To clear previous minutes used, press the minute and start/stop button simultaneously for 2 to 3 seconds until "CL" (clear) appears on the display.
- . You're ready to use your Vitalizer Plus with a new mineral cube.

Follow these procedures to determine the total time you have used the mineral cube :

- . Press the minute button for 2 to 3 seconds "F1" appears on the LED display, this represents the total hours used.
- . Press again the minute button for few seconds, "F2" shows, which means total minutes used.
- . Continue to press the minute button for another 2 to 3seconds : "F3" flashes, this is for total seconds used. Finally, when "F4 " appears, it's for manufacturer's use only for additional system function.

Reminder

Tips for use ;

- Always ensure that the middle portion of the base is dry.
Wipe out with soft dry cloth any spilled water.
- Remove the mineral cube from the pitcher when clean the pitcher, lid and spinner. To remove the mineral cube from the pitcher, turn the cube counter clock wise (to the left). Regularly wash the pitcher, lid and spinner using soft sponge with mild detergent. Rinse well.
- Clean your mineral cube with water and wipe it with wet soft sponge or washcloth without soap or detergent.
Do not use detergent or soap.

Storing Vitalized water :

For a cool, great tasting and refreshing water, we recommend storing your Vitalized water in the refrigerator make sure to keep it in a cool place indirect to sunlight.

Precaution :

- To prevent possible electric shock.
- Do not immerse the Vitalizer Plus base in water.
- Do not use detergent or soap to wash the mineral cube.
- Do not attempt to disassemble the unit.
- Do not add hot water.
- Do not add milk, carbonated water.
- Using only drinkable water.
- Do not open the mineral cube.
- Do not eat the mineral ball in the mineral cube.
- Do not place near by fire or stove.

Troubleshooting

- When the power button is not working.
 - Check the power outlet if the machine is properly plugged in.
- Water in the pitcher is not rotating.
 - Check and make sure that the power is on, press minute button and then press start/ stop button.
 - Make certain that the spinner with silicone ring is placed at the center of the mineral cube.
 - Check if the mineral cube is securely placed at the bottom center inside the pitcher.
 - Check if the pitcher is properly placed on the base of the Vitalizer Plus.
- Strange noise coming from the pitcher.
 - Check if the silicone ring is broken.
 - Check if the silicone ring is flatly wrapped around the spinner.
 - Make certain that there is nothing inside the pitcher except water, spinner with silicone ring and the mineral cube.
